

AIRPORT PARKING & HOTELS (APH.com) TO OFFER CURRENCY THROUGH THE MYTRAVELCASH PREPAID MASTERCARD

APH.com has extended its portfolio of services to include travel money by promoting MyTravelCash, a prepaid MasterCard card available in Euros and US Dollars. MyTravelCash, developed by leading pre-paid card specialist CorporatePay, will enable APHs customers to buy their foreign currency at market leading exchange rates without commission fees.

Myles Stephenson, CEO, CorporatePay, commented:

We are delighted that APH sees the benefits that the MyTravelCash card can offer to its customers and for the business.

We are keen to raise awareness of the revenue generating possibilities that MyTravelCash can give the UK travel trade. There is opportunity to earn when customers sign up to the card and then every time they load money onto it.

Nick Caunter, Managing Director, APH Ltd, commented;

As well as being experts in airport parking, APH aims to provide savvy travellers with useful information in our know before you go section of the APH website. When we researched pre-paid currency cards recently, we found the MyTravelCash card offered the best all round value and liked it so much we decided to offer it to our customers.
